X6

Reusable Half Mask

TRP face piece

Complies with EN 140

Ergonomic shape

The **X6** series gas half mask is made of TPR thermoplastic rubber. It is used with two purifying elements. The reusable respirator **X6** reusable half mask has two bayonet connectors. It provides respiratory protection against a wide range of gases, vapours and dust. Its fitted, ergonomic shape ensures optimal vision. The respirator is compatible with PPE for eye protection. The **X6** series respirators are available in sizes S, M and L.

Comfortable and super durable

The **X6** respirator is characterised by high resistance and durability. The evenly distributed weight on the user's face ensures comfort and tight fit, so the respirator perfectly maintains its position while performing various activities.

Half mask **X6** can be used with filters T-BM P2 R, T-BM A P2 R, T-BM P3 R, T-BM A P3 R, X2000-AG P3 R, capsule filters X793 P3 R, X793C AP3 R, filter absorbers X701 A1, X702 A1E1, X703 ABEK1 and X70523 A2P3 R D, X70923 A1E1 P3 R D, X70926 ABEK1 P3 R D

Restrictions and storage

Do not use in an environment where the oxygen concentration is less than 19.5% and in the presence of unknown gases. Store in the original packaging with instructions, without any purifying components connected, at temperatures from -20°C to +30°C and humidity RH<80%. Protect from direct sunlight.

Packaging:

Net weight 1 pc ≈ 85 g

Unit packaging dimensions: 360/255/70 mm

Dimensions of master carton: 165/500/440 mm

Quantity of masks per master carton: 20 pcs.
